# uKnowva Invoices

## Standardize Your Invoices Online

uKnowva Invoices helps freelancers and SMEs generate their invoices in a hassle-free manner and get paid faster. It is designed to raise and track invoices in seconds. It helps maintain estimates and vendor information, and keeps you updated about your cash flow and invoice statuses. It sends automatic reminders to vendors for payments due and saves your time by allowing you to work from anywhere, anytime—as all invoicing data is available on the cloud.

*"This application has really changed my attitude towards raising bills to customers. What used to be put off for days on end is now completed as soon as the need arises.*

**- Kaps Aqua Purity India Pvt Ltd**

# Features built to perform!

## 1. EASY INVOICE CREATION

Make professional invoices quickly and in a hassle-free manner without complex spreadsheets or documents. Convert them to well-formatted PDFs and email to customers

## 2. RECURRING INVOICES

Automatically send invoices to customers billed regularly, and save your time and effort. Just configure the invoice once, and you are ready to go!

## 3. CREATE AND SEND QUOTES

Issue estimates or quotes rapidly to your prospects. Follow-up and send reminders effortlessly. On approval, generate invoices directly from quotes.

## 4. CREATE MULTIPLE COMPANIES

Manage the invoices of several businesses from one place with no extra effort. Create numerous company profiles and issue invoices for all of them.

## 5. ORGANIZE CLIENT PROFILES

Add details of your clients and their representatives and manage their profiles from one location.

## 6. GET INTUITIVE REPORTS

Govern your business performance from wherever you are through real-time financial reports and gain benefits from the critical insights.

## 7. SET UP TAXES

Configure the taxes as per your country or region and generate invoices accordingly.

## 8. SEPARATE CLIENT LOGIN

uKnowva Invoices offers a separate, secure client access gateway where clients can view their invoices, account statements, and make online payments.

## 9. PERSONALIZED INVOICE TEMPLATES

Brand your business by adding the logo and graphics of your business. It is reasonably easy to impress your customers.

## 10. PAYMENT OPTIONS – ONLINE/OFFLINE

Receive payments instantly through online payment methods. uKnowva Invoices is integrated with well-known payment gateways and enables clients to make payments from anywhere, anytime.

# Features built to perform!

## 11. EXPENSE MANAGEMENT

Track your entire cash outflow, from payroll to lunch with clients. Create categories for your most common expenditures to get nifty insights.

## 12. AUTOMATED REMINDERS

Send programmed payment reminders through email or SMS. Nudge your clients to make outstanding payments without any extra efforts. Focus on making money rather than collecting it.

## Looking For More Features? Use Add-ons

We know business needs increase continuously.

We understand the need of businesses, whether they are small, medium or enterprise. We identify the future needs and change in technology and constantly develop new features and enhance the existing ones.
